Christmas Tree Decoration

Written by Susan Mehmet

Materials

Two pieces of contrasting cotton fabric

Ribbon

Decoration for the centre.

Sewing thread.

Equipment

Sewing machine

Lid or saucer to draw round
pencil

Fig 1

Place the two fabrics right sides together. Draw round a saucepan lid or a saucer.

Fig 2

Cut the two circles out and pin with right sides together.

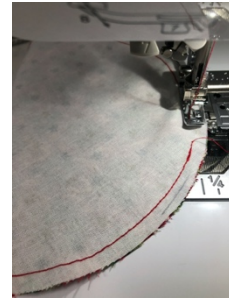

Fig 3

Machine the two circles together, leaving a gap to be able to turn them the right way.

Fig 4

Turn the circles to the right side. Press the edge carefully. Machine around the edge to close the gap. This edge stitching adds a decoration effect as well.

Fig 5

Fold the circle in half and find the centre point. Sew the two sides together just at that point.

Fig 6

Now bring the side points to the middle and sew together.

Fig 7

All four points are sewn together. Begin turning each corner backwards to show the contrasting fabric.

Fig 8

All four corners are folded back to form the decoration.

Fig 9

Thread a ribbon through one corner, ready to hang up on your tree. Add a decoration in the centre to finish it off.

You can make the decoration any size. The centre is like a little pouch ready to hide a chocolate coin. A special decoration to give to a friend for Christmas. 2020
